

This listing of claims will replace all prior versions, and listings, of claims in the application:

**Listing of Claims:**

1. (original) A method of processing data comprising the steps of:

- (a) copying a digital video data block containing said data from a storage medium;
- (b) extracting said data from said digital video data block; and
- (c) formatting said data in a format other than the format of said digital video data block.

2 (currently amended). The method of claim ~~20~~ 1 wherein said storage medium comprises a digital video tape.

3 (currently amended). The method of claim ~~23~~ 1 further comprising the step of copying said formatted data to a payload portion of an isochronous data transfer packet.

4 (currently amended). The method of claim ~~20~~ 1 wherein the step of copying said digital video data block from said storage medium comprises the steps of:

- (a) copying said digital video data block to a payload portion of an isochronous data transfer packet; and
- (b) extracting said digital video data block from said isochronous data transfer packet.
